Many factors contribute to youth violence. Poverty, lack of education, family structure, drugs and alcohol, gangs, hopelessness, lack of self worth, poor choices. Remember the adage that it takes a village to raise a child. Be knowledgeable, connect with community groups, check resources, care.

Newsletter Spotlight

**Violence - #1 killer
of youth ages 10 – 24.**

Ways IPHA can Make a Difference

- ◆ Establish a Youth Violence Task Force
- ◆ Continue to foster efforts and relationships with local organizations/programs combating Youth Violence
